The merit list for NON-ITI category will be prepared factory-wise on the basis of overall percentage of marks in Madhyamik or matriculation (Class X standard or equivalent), aggregate in all subjects or best of 5 subjects as per criteria of the concerned 10th Board, as entered by the candidate in the online application form. Candidate shall submit original marksheet of Madhyamik Board (Class X std. or equivalent). For NON-ITI category, a factory-wise common merit list will be prepared and the trades will be allotted by each factory on Merit-cum-choice basis after selection. In case of CGPA/GPA grading obtained by the candidate one has to enter marks (and not CGPA grading) by ensuring conversion as per the candidate's 10th standard board criteria (in case candidates incorrectly enters the correct CGPA grade, it will be converted to percentage by standard multiplication factor of 9.5, uniformly, irrespective of the concerned board criteria. Therefore, the candidates shall observe due care. This formula shall be used for all such candidates, either for whom there is absence of clear instructions from the concerned 10th Board or those who enter correct CGPA/GPA instead of marks. Those who use incorrect conversion formula, i.e. different from the one mandated by the concerned 10th Board, shall be rejected during document verification. The marks / percentage will be considered for preparing merit list). In case the candidate's class 10th standard board declares the matriculation result in form of grades such as A+/A/B+/B/C+/C etc, then the candidate needs to enter the percentage of marks obtained as per 10th board criteria, i.e., conversion formula. The candidate shall submit original marksheet of Class 10th. In case the corresponding board doesn't provide the conversion formula, then following table shall be used to calculate percentage from grades.

GRADE	RANGE OF MARKS	PERCENTAGE
A+	90-100	95%
A	80-89	84.5%
B+	70-79	74.5%
B	60-69	64.5%
C+	50-59	54.5%
C	40-49	44.5%

The Merit List for Ex-ITI category will be prepared factory-wise and trade-wise, on the basis of simple average of percentage of marks both in Matriculation and ITI (minimum 50% in aggregate in each). For the purpose of calculation of percentage of Matriculation, marks obtained and entered by the candidate in online application will be considered (aggregate of all subjects or best of 5 subjects, as per guideline of concerned 10th Board), and for calculation of percentage of ITI marks, marks mentioned in provisional/final certificate will be considered.

The aggregate marks obtained by the candidates in Madhyamik (Class X or equivalent) shall be considered irrespective of Board / Exam System and shall be considered as per percentage formula of that Board/ Exam System only.

Based on the vacancy position, select lists will be prepared and only provisionally selected candidates will be called for document verification and medical examination.

Tie Resolution-

For preparation of merit list, in case of two candidates having the same marks/percentage (tie case), the older candidates shall be preferred. If the dates of birth are also the same, then the candidates possessing Matriculation certificate of an earlier year shall be preferred. However, if the Year of passing of Matriculation examination is also same, then the alphabetical order of the candidates' names shall be taken into account, i.e., the candidate whose name appears first shall be preferred.

In case of any mistake or error by oversight or otherwise, then as per applicable rules, YIL reserves the right to take action to revise select list of the eligible candidates, as deemed fit, at any point of time and in this regard, the decision of YIL/ Ordnance and Ordnance Equipment Factories shall be final.
